

**Australian Mental Health Party**  
A voice in politics for mental health and well-being in Australia

**Last weekend the leaders of the Australian Mental Health party hosted our Annual Conference**

The AMHP is pleased to announce it was a huge success!

We would like to congratulate Dr Ben Mullings on his nomination to run as our representative for the coming election. More information on that will follow in the weeks ahead.

**Our party is committed to be the political voice on mental health and wellbeing for ALL Australians**

We are also pleased to announce that our livestream discussion on mental health over the weekend was a productive and lively event for us. In the coming year the *National Executive* of the party will develop the ideas shared by members and supporters to develop better policy for Australia.

**We hope you will join with us as we take these next steps**
